Two things

1. I **assume** this is sufficient for drug destruction...do we need to check with Nancy O'Leary?
2. Should I ask Kip if he can create a link for the memo to the lab number and date? (Or if that is going to take him a long time to do, may I just handwrite the lab number and date on copies of the memo for now? The results would still go in the computer regardless.)

Glad about the found drugs.... And also I did not receive a copy of your changes to the memo on the return email.
Thanks.

Betsy,
I made a few changes, mostly formatting. Let's implement immediately :).

PS spoke to Boston, re found drugs. They agree. I'll send a memo by tomorrow.

Julie- is this along the lines of what we discussed....or is this too "wordy"?

Thank, Betsy
